

## Two Simple Steps Determine Your Personal Trigram

Do you know what is Xun, Li, Kun, Zhen, Dui, Gen, Kan, or Qian?

And do you know your personal trigram? Well, you can know right now by reading this instruction: **Your personal trigram is determined by your birth year and gender**

There are Eight Trigrams which correspond to eight numbers and eight directions. They are divided into two groups of four trigrams—the East Group and the West Group:

- **East Group:** Zhen (east; number # 3), Xun (southeast; number # 4), Kan (north; number # 1), Li (south; number # 9)
- **West Group:** Qian (northwest; number # 6), Kun (southwest; number # 2), Gen (northeast; number # 8), Dui (west; number # 7)

***Do follow these steps to find out your personal trigram:***

**1. Add the digits in your birth year until you get a single-digit number.**

For example, if you were born in 1978. Let's add:

$$1 + 9 + 7 + 8 = 25 \quad \text{Then} \quad 2 + 5 = 7;$$

**1.1. If you are male, subtract the resulting number from 11 to get your personal trigram.**

$$11 - 7 = 4.$$

Your trigram in this example is FOUR

**1.2. If you are female, add 4 to the resulting number get your personal trigram.**

$$7 + 4 = 11$$

Because the resulting number is a two-digit number so you have to add up the digits.

$$1 + 1 = 2.$$

Your trigram in this example is TWO

## 2. Note:

- If the resulting number of a male is 5, use number 2 as his personal trigram.
- If the resulting number of a female is 5, use the number 8 as her personal trigram.
